The Finest and Easiest Side Spring Buggy made is the Columbus

It has more desirable features than any other side spring gear. It is so constructed that the center or brace springs serve a double purpose, i. e., both a brace and an equalizer, consequently you get less side motion than on any other side spring gear. Put your whole left on one step of the COLUMBUS and watch the result, then go through the same operation on any other side spring gear vehicle and you will find the COLUMBUS goes down level, while the others will cant to one side. There has been over 40,000 vehicles with this gear sold, and so far as we know there has never been a spring broken, and its riding qualities are unsurpassed.

Take a Good Look at the Two styles. We Have Others.

Two BALDWIN LOCOMOTIVES, 24" gauge, 6 wheels connected, 6 feet 2" wheel base, 30" wheels, cylinders 10" x 14", side pump and injector, weight 12 tons, 8-wheel tenders, 1,200-gallon tanks.

Fifty SPARE TUBES, spare pistons, rings and stems, hangers, springs, shoes and wedges, injector, oil cups, etc., etc.

One BALDWIN LOCOMOTIVE, 24" gauge, four 22" drivers, 40" wheel base, single pony truck in rear, weight 8 tons, 4-wheel tender, 800-gallon tank, cylinders 7" x 10", 2 headlights, also fitted with saddle tank.

One spare SMOKESTACK, spare hangers, springs, pistons, shoes and wedges, etc.

Four hundred CANE CARS.

Twenty-five FLAT CARS for hauling railroad iron.

Five miles of 12-pound PORTABLE TRACK, with steel sleepers of the Fowler patent.

Five to ten miles of 12-pound PERMANENT TRACK, together with fish plates. No bolts or spikes for same.

This whole outfit is a 2-foot gauge, and practically in good working order.

The cars have a capacity of 3 to 4 tons of cane.

The reason for selling same is on account of increasing the gauge of roads, consequently necessitating new rolling stock.

Prices for same can be had of Alexander & Baldwin, Ltd., Honolulu, or the Hawaiian Commercial and Sugar Company, Spreckelsville, Maui.

Goods will be delivered F. O. B., Kahului wharf, Maui.

MISS LILY OELRICHS TO WED.

NEW YORK BELLE WILL BE MARRIED TO PETER D. MARTIN OF SAN FRANCISCO.

WILLIAMS, DIMOND & CO'S CIRCULAR.

SAN FRANCISCO, Sept. 27.—Sugar—No changes since September 21 in the local market or for export to Honolulu, dry granulated for local consumption still being quoted at 4.85c.

Basis—September 21st to 26th, no sales; consequently, basis for 96-degree centrifugals in New York remains at 3.75c; San Francisco, 3.375c.

London Beets—September 21st to 26th, 7s 6d.

Dry Granulated, New York—No change.

London Cane—September 21st, quotes Java No. 15 D. S., 9s 9d; fair refining, 8s 9d, against 13s and 11s 0d, respectively, same date last year. September beets, 7s 7 1/2d, against 11s 11 1/2d, corresponding period last year. October beets, 7s 9 1/2d, against 10s 2 1/2d, corresponding date last year.

Eastern and Foreign Markets—Latest mail reports from New York, under date of 21st instant, reveal no change in quotations or conditions governing the raw sugar market. Refiners are apparently out of the market. European beets easier.

Refined is in moderate demand, with no special indications.

Cuba—In consequence of the low values now prevailing, considerable discouragement over the prospects for the coming crop is revealed by the anxiety of planters whose only hope for the future appears to lie in the possibility of favorable action on the part of the next Congress, meeting in December, upon question of free admission of Cuban sugars into the United States.

European Beet Crops—The following is Mr. Licht's latest estimate of the European beet sugar production of the 1900-1901 campaign, as compared with that of the previous year:

	1900-1901	1899-1900
Germany, tons	1,975,000	1,798,631
Austria, tons	1,095,000	1,108,007
France, tons	1,170,000	977,959
Russia, tons	915,000	905,737
Belgium, tons	340,000	302,865
Holland, tons	180,000	171,029
Other countries, tons	375,000	253,929
Total, tons	6,050,000	5,518,048

Yours faithfully,

WILLIAMS, DIMOND & CO.

Shipping Notes.

The Mauna Loa was loading sugar into the George Curtis yesterday.

Purser Ferguson, of the Mikahala, has been transferred to the Hanalei.

The Hanalei, which sailed for Kaula yesterday afternoon, took 500 tons of coal to that island.

The small island steamer James Mackee will soon go on the marine railway. She has just had a new donkey engine boiler put in.

The following passengers from the Nippon Maru will lay over in Honolulu: Archibald MacKillop, Mr. and Mrs. R. H. Hood, Miss Mary Barker, Huntington Norton, J. W. Norton and James A. Blair.

The schooner Mary E. Foster, which has been discharging at the Irmgard wharf during the past week, will probably finish unloading today. She will then sail for San Francisco, after she has taken in ballast.

The appraisers' department of the custom house buildings is to be repaired. The plank flooring and the

corrugated iron roofing will be sold at auction on Monday. A new roof and cement flooring is to be put in the building.

The bark Ceylon sailed yesterday in ballast for the Sound, where she will take on a load of lumber for Hilo. She has been waiting for several days to get off, first having a new boiler put in for her donkey engine, and later, waiting to get a full crew.

The British bark Senator, which put back from Hilo, while on her passage hence for Liverpool, will be surveyed. Her deckload will be discharged, and it may be her whole cargo will have to come out and she will be hauled out.—Victoria, B. C., September 7th.

The British ship City of Hankow, from Honolulu, while towing up to Burrard Inlet, September 7, to load for Port Pirie, went ashore through the parting of a tow line, and remained fast for nearly two hours, when she was hauled off and arrived up. An examination of her hull showed that it had sustained no damage.—Victoria, B. C., September 7.
